C. BOW BELLS 'LONDON PRIDE'
(Self)

THIS LIST CANCELS ALL PREVIOUS QUOTATIONS

ARMACOST & ROYSTON, Inc.

2005 ARMACOST AVENUE

WEST LOS ANGELES 25, CALIFORNIA

COVER PICTURE—C. Bow Bells 'London Pride' Self (#133). The picture does not do the flower justice. It has not been shown for an award but in our opinion it is one of the finest C. Bow Bells we have seen.

The flower was crossed onto another C. Bow Bells 'London Pride' Self. (#88, which was equally as good.) We feel that the progeny from these two C. Bow Bells will produce a very fine strain of C. Bow Bells.

The seed was sown in November, 1959. Seedlings should be available in late fall and winter, 1960.

NEW LISTING OF ORCHID PLANTS, SEEDLINGS, AND SUPPLIES

We are not publishing a new catalogue this year. This listing will bring you up to date on what we have to offer. Last year's catalogue, marked as to what is still available, will be supplied on request.

We wish to thank our customers for the splendid orchid plant and supply business we enjoyed during 1959 and hope for a continuance of the same during 1960. As always we will give prompt and careful attention to your orders, large or small. We are always striving to supply new, high quality plants, and the newest and best in supplies.

LAVENDER CATTLEYS

The greater part of our small seedlings are grown in flats, or bench culture and are sold bare root. Some of these plants are in the process of being potted and if your order is for these recently potted plants we would like to hold them until they are established and ready for shipment.

#A-405 Lc. Princess Margaret 'Imperial' AM-RHS x Lc. Cuesta	2½"	\$ 5.00
Medium to dark lavender flowers of good form and substance. Season late fall to winter.	3"	7.50
	3½"	10.00
	4"	12.50
#A-465 Lc. Mem. Walter L. Armacost 'Koi-I-Nur' x Lc. Princess Ishtar AM-RHS.	1½"	5.00
Medium to dark lavender with brilliant darker lavender lip. Gold markings in throat. Should be outstanding. Seedlings have not been counted as yet but should be Tetraploids.	2½"	10.00
Season winter.	3½"	15.00
#A-466 Lc. H. G. Alexander 'Pioneer' x Lc. Princess Ishtar AM-RHS.	2½"	10.00
Similar to A-465. A little lighter in color. Good form and substance. Seedlings counted to date have been Tetraploids. Season winter.		
#A-499 Lc. Indra (Lc. Integrity 'Steadfast' (Tetraploid) x C. Prospector #1)	3"	7.50
This is a third remake of Lc. Indra. Beautiful well formed lavender flowers. Rich lavender lips with yellow-gold throats. Season winter. (See #A-531).	3½"	10.00
#A-524 Lc. Mem. Walter L. Armacost 'Benefactor' x Lc. Integrity 'Steadfast'. Here is another Tetraploid combination. Beautiful lavender flowers with rich lavender lips. Gold and yellow throats.	2½"	10.00
Season winter.	3"	15.00
#A-531 Lc. Indra (C. Prospector #1 x Lc. Integrity 'Steadfast' (Tetraploid). Same description as #A-499. This and #A-499 are reciprocal crosses.	3"	7.50
	3½"	10.00
#A-671 C. Tityus 'Patriarch' x Lc. Morro Rock. Should produce good medium to dark lavender hybrids with beautiful rich color combinations in lip and throat. Season winter.	1½"	1.75
	2½"	5.00
#A-702 Lc. Cheyenne (C. Prospector 'Rotunda' x Lc. Marduk). This is a remake of this late winter and early spring flowering hybrid. Most of them bloom in early spring. Medium lavender sepals and petals. Darker lip with gold veining in throat.	1½"	1.75
#A-733 Lc. R. J. Chrisman 'Collossus' x C. Annie J. Lines 'Majestic'. We expect rich dark lavender flowers for the late fall season.	1½"	\$ 1.75
#A-755 Slc. Brandywine (Slc. Anzac 'Orchidhurst' x Slc. Lindores). We saw one of these in bloom from a previous cross and it was simply gorgeous. Beautiful shade of red of good shape and substance. Season probably late summer to fall.	1½"	5.00
#A-764 C. Tityus 'Patriarch' x Lc. Bonanza 'Territorial Enterprize' AM-AOS. The introduction of C. Tityus with Lc. Bonanza should enhance the color on the lip and add gold eyes to yellow markings in the throat. Season winter. Seedlings will be available in the summer of 1960.	1½"	5.00
#A-765 C. Tityus 'Patriarch' x Lc. R. J. Chrisman 'Collosus'. We expect medium to dark lavender blooms with rich brilliant throats and lips. Season late fall to winter. Seedlings will be available in the summer of 1960.	1½"	1.75
#A-770 Lc. Integrity 'Steadfast' x Lc. Bonanza 'Territorial Enterprise' AM-AOS. This is another combination that should produce rich brilliant lips and beautiful golden markings in the throat. Seedlings available in the summer of 1960.	1½"	5.00
#A-786 Lc. Allan-A-Dale 'Ballad' x Lc. Savitar 'Hercules'. Medium to dark lavender of good shape and substance. Brilliant lavender lip.	1½"	1.75
#A-796 C. Prospector 'Rotunda' x C. Magnifique. We hope that this combination will produce some much needed lavender hybrids for the spring market. Both parents flower in April. Available in the summer of 1960.	1½"	1.75

CATTLEYAS — SEMI-ALBA

White Sepals and Petals — Colored Lip

#A-458 C. Dousabel x C. Kittywake. Expect good white with colored lips of good form and substance. Season fall.	2 1/2"	\$5.00
	3"	7.50
#A-509 C. Kittywake 'Brunette' x Alwynii Alba. Should give us some of the much needed good whites with colored lips. Season fall to winter.	3"	7.50

CATTLEYAS — PURE WHITE

#A-685 C. Estelle Alba 'Cynosure' x C. Bow Bells 'Snowflake' FCC-AOS. How can a combination such as this miss? We expect superb whites. Season winter.	1 1/2"	2.00
	2 1/2"	5.00
#A-688 C. Empress Bells x C. Bow Bells 'Snowflake' FCC-AOS. A back cross of C. Empress Bells onto it famous parents. Some good exhibition whites should result. Season winter.	1 1/2"	2.00
	2 1/2"	5.00
#A-768 C. Joyce Hannington 'Pamela' x C. Bob Betts 'Cameron'. Another superb white combination. Season late fall to winter. Seedlings available in summer 1960.	1 1/2"	2.00

BI-FOLIATE TYPE ORCHIDS

#A-511 C. Little Susie (C. Porcia 'Cannizaro' AM-RHS x Lc. Molly Tyler FCC-AOS.) We have flowered a few of these and they show great promise. Petals and sepals dark lavender with darker lavender lip. Just a touch of gold in the throat. Season late fall.	3"	\$ 7.50
	3 1/2"	10.00
	4"	12.50
	5"	17.50
#A-657 C. Porcia 'Cannizaro' AM-RHS, x Lc. George MacDonell 'Forma'. Beautiful dark lavender flowers of the bifoliate type, medium size, and of good form and substance should result from this cross. Season fall.	1 1/2"	2.00
	2 1/2"	5.00
#A-659 C. Porcia 'Cannizaro', AM-RHS., x Lc. Ibbie, AM-AOS. This is another bifoliate type combination which should result in medium to dark lavender flowers of good shape and substance. Season fall.	1 1/2"	1.75
	2 1/2"	5.00
#A-660 Lc. George MacDonell x Lc. Ibbie AM-AOS. We expect beautiful dark lavender blooms of medium size. Season late fall.	1 1/2"	2.00
	2" (Limited)	5.00

BRASSOLAEIO CATTLEYA TYPES AND YELLOWS

#A-587 Lc. Gatton Glory x Lc. Mem. Albert Hienke 'Hanes'. Some very good yellow hybrids should result from this combination. However, it is possible that there may be a slight deformity in some flowers. Summer season.	2 1/2"	5.00
	3"	7.50
#A-645 Blc. Norman's Bay 'Burma Ruby' x Bc. Hartland. Another back cross of Blc. Norman's Bay onto one of its parents. Seedlings counted to date have been Tetraploids. Season winter.	1 1/2"	5.00
#A-667 Lc. Integrity 'Steadfast' x Blc. Norman's Bay. Very fine variety. This should be a superb combination. Lc. Integrity 'Steadfast' seems always to impart rich lavender lips with golden to yellow combinations in the throat, to all of its progeny. Seedlings counted to date have been Tetraploids. Season winter.	1 1/2"	5.00
#A-687 Blc. Nacouchee 'Fantasia' x C. Empress Bells 'Lily'. This, of course, is a white onto a pink colored brasso. Some beautiful pastel colors should result with green coloring or markings in the throat. Should be of excellent form and substance.	1 1/2"	2.00
	2 1/2"	5.00
#A-732 Blc. Joyance x Lc. Grande 'Jules Furthman'. Yellow to sunset hues should result from this combination. Blc. Joyance improves the vigor in yellows. Season summer.	1 1/2"	2.00
#A-758 Blc. Nacouchee x C. Trianae 'Blue Bird.' This is an interesting combination. The C. Trianae 'Blue Bird' is a self from a blue C. Trianae. The sepals and petals are light blue with a deeper blue in the lip. The Blc. Nacouchee had a violet tinge on the sepals and petals. Some very interesting colors should result from this experimental cross. Season should be fall. Seedlings available in summer 1960.	1 1/2"	2.00

NEW CYMBIDIUM SEEDLINGS

	Price per plant
#B-110 Alex W'birt x Rosalita Whites to pink shades.	Leaves 12 - 14 in. \$ 7.50
	2 bulbs 12.50
	3 " 15.00
#B-111 Balkis Silver Orb x Princess Astrid Very good whites, blush white to pink.	Leaves 8 - 9 in. \$5.00
	" 12 - 14 " \$7.50
#B-112 Pearl Mastiff x Swallow Yellows to green.	Leaves 8 - 9 in. \$5.00
	" 12 - 14 " \$7.50
#B-130 Rio Rita Radiant x Alex W'birt Whites to pink shades.	Leaves 8 - 9 in. \$5.00
	" 12 - 14 " \$7.50
#B-131 Balkis Montecito x Mopsa 'Pinke' Beautiful whites to pink shades.	Leaves 3 - 4 in. \$2.50
	" 8 - 9 in. 5.00

NEW CYMBIDIUM SEEDLINGS Continued

#B-144 Bannock Burn (Madeline Alba x Alex W'hirt)	Leaves 3-4 in.	2.50
Should be all whites. The Madeline Alba used is white with blush lip. Long arching sprays.	" 8-9 in.	5.00
#B-145 Madeline Alba x Balkis 'Rinconado'	Leaves 3-4 in.	2.50
Similar to B-144 but should be of better shape and substance.	" 8-9 in.	5.00
#B-146 Tityus AM-RHS x Balkis 'Rinconado'	Leaves 3-4 in.	2.50
White to blush shades.	" 8-9 in.	5.00
#B-148 Carisbrook Ruby x Balkis Montecito	Leaves 3-4 in.	2.50
Very good pinks.	" 8-9 in.	5.00
#B-153 Rosalita x Balkis Montecito	Leaves 3-4 in.	2.50
Blush to pink shades.	" 8-9 in.	5.00
